Number and Place Value	Addition and Subtraction	Multiplication and Division	Fractions	Algebra
Counting	Number Bonds	Multiplication & Division Facts	Counting in fractional Steps	Equations
Count to and across 100, forwards and backwards, beginning with 0 or 1, or from any given number. Count and read numbers to 20 in numerals Count, read numbers to 100 in numerals Write numbers to 20 Write numbers to 100 Count forwards and backwards in multiples of two Count forwards and backwards in multiples of five Count forwards and backwards in multiples of ten. Given a number, identify one more and one less	Represent and use number bonds facts within 20. Represent and use related subtraction facts within 20.			
Comparing Numbers	Mental Calculation	Mental Calculation	Recognising Fractions	Formulae
Use the language of: equal to, more than, less than (fewer), most, least.	Add and subtract one-digit and two-digit numbers to 20, including zero. Add together U and U Add together TU and U Subtract U from U Subtract U from TU		Recognise, find and name a half as one of two equal parts of an object, shape or quantity. Recognise, find and name a quarter as one of four equal parts of an object, shape or quantity.	
Identifying, Representing & Estimating Numbers	Written Methods	Written Calculation	Comparing Fractions	Sequences
Identify and represent numbers using objects and pictorial representations including the number line.	Read, write and interpret mathematical statements involving addition (+), subtraction (-) and equals (=) signs.			
Reading & Writing Numbers	Inverse operations, Estimating & Checking Answers	Properties of Numbers Multiples, factors ,primes, square &cube	Comparing Decimals	
Read and write numbers from 1 to 20 in numerals. Read and write numbers from 1 to 20 in words.				
Understanding Place value	Problem Solving	Order of Operations	Rounding including Decimals	
	Solve one-step problems that involve addition and subtraction, using concrete objects and pictorial representations, and missing number problems such as 7 = □ - 9.			
Rounding		Inverse operations, Estimating & Checking Answers	Equivalence (including fractions, decimals & percentages)	
Problem Solving		Problem Solving	+ and - of Fractions	
		solve one-step problems involving multiplication and division, by calculating the answer using concrete objects, pictorial representations and arrays with the support of the teacher
