Dear Parents and Carers

## Provisional school-wide results show record progress at Chandlers Ridge

We are delighted to share our provisional school wide results data for this academic year 2016/17. This data is provisional, however we have been moderated by the Middlesbrough local authority in Early Years Foundation stage, KS1 and KS2 writing (the other tests at KS2 are externally marked) which means we have confidence in the validity of our results.

**The data shows that we have performed above the national average in every subject in every key stage.**

Both children and staff have worked exceptionally hard and there are some incredible individual results too. Children will be receiving these results with their reports which are to be circulated next week.

We are most delighted with the progress that our Year 6 children have made between key stage 1 and 2. **With your support, progress made in reading and writing is now in the top 25% of all schools in the country. Exceptionally, our maths progress is in the top 5% of all schools in the country.**

This is the best level of progress between the key stages ever achieved by Chandlers Ridge.

**You can read a roundup of our provisional results on our website here**

<http://chandlersridge.org.uk/performance-tables/>.

We see these results as positive confirmation of all of the improvements we have put in place over the last year, and together with Vision Academy Learning Trust we aim to build on this success for all pupils at Chandlers Ridge Academy.

With thanks for your continued support of our school.

Mrs L Lidgard  
Head Teacher
