

Year 4/5 Homework Autumn 1 – Children should complete mymaths or rockstar maths each week and one additional task.

<p>English</p> <p>SPAG.com Log in and complete an activity or a few!</p>  <p>Please get someone to write in your reading record that you have completed the task.</p>	<p>Maths</p> <p>Mymaths</p>  <p>Please get someone to write in your reading record that you have completed the task.</p>	<p>Maths</p> <p>Rockstar maths</p> <p>Spend time at home playing rock star maths in either studio or garage mode. This can be completed after the launch lesson for your class!</p>  <p>Please get someone to write in your reading record that you have completed the task.</p>	<p>PSHCE</p> <p>What are your targets for school this term or this year? Discuss them with someone at home and decide how you are going to achieve them. Maybe you could write them down and see how you are getting on at the end of the half term?</p>  <p>You can share them with your teacher or keep them private. Please get someone to write in your reading record that you have completed the task.</p>
<p>English</p> <p>Research an endangered animal. Create a PowerPoint, fact file, poster or even top trump cards with key facts and the threats to the species. Can you include emotive language?</p> 	<p>Topic</p> <p>Complete your 'Count like an Egyptian' maths sheet of Egyptian hieroglyphics.</p> 	<p>Topic</p> <p>Research key events in Ancient Egypt. Create a PowerPoint or timeline with important dates and events. You could even explain why they are important or interesting.</p> 	<p>Science</p> <p>Create a poster showing and explaining the 7 life processes.</p> <div data-bbox="1691 981 2094 1252" style="border: 1px solid black; padding: 10px;"> <p>LIFE PROCESSES</p> <p>All animals and plants are called living organisms. All living organisms have seven life processes.</p>  </div>
