

## Consent to sharing images and information about your child with the public

**This form is to be completed and returned by all parents and carers.**

At Chandlers Ridge Academy we regularly take photographs and videos in school for the purpose of recording pupils' activities, attainment, sharing and celebrating success. We do this sensitively and in a positive manner, and this information is shared internally within school. At times, we may share images and information publically such as on our school website, eNewsletter and Twitter feeds, but will always do so in a way that protects all pupil identifiable information. However, we understand that some parents and carers may not wish to have images and information about their child shared publically in this way. This form instructs us how to process your child's image.
