

Reading at Chandlers Ridge Academy and how to support your child

To support their reading, children take home a **colour banded book**. There are general guidelines about which book bands should be covered within each year. Please remember however that children learn in different ways and make progress at different times.

As a rough guide, children are expected to reach (Lime) at seven or eight years old. Children who read above Lime level are reading fairly fluently and although some books are still graded above this level, children are reading such a wide range of material that the banding becomes not so important.

Your child's reading book will vary in a number of ways, including layout, size, vocabulary and length, to give the children a rich diet of literature. The difference between each colour band is very gradual, so that children do not experience great difficulty moving up through the scheme. The book your child brings home is set at a level matched to their phonic ability (their ability to recognise and decode sounds to enable them to read). We use guidance from 'Letters and Sounds' (DFE), as a basis to deliver our Chandlers Ridge Academy Phonics teaching sequence, which gradually builds on a child's ability to recognise, read and blend increasingly difficult sounds in our language system known as the alphabetic code.

Progress through the bands is not automatic and it is important to ensure that children working in the early bands have a secure understanding of phonics so that they remain in control of the task and motivated as they move on to more challenging texts. This is particularly important for children at the early stages of learning English as an additional language.

There will be a wide range of reading abilities in any school year. Children should be able to read at least 90%-95% of the words on the page without any problem. If the book is too easy, they can become bored. If it is too difficult, they can become frustrated, and may have to concentrate so hard on reading the words that they lose the enjoyment of understanding the text.

In Key Stage 2, children continue with the banded book system with a rigorous scheme of varied, challenging banded books and a mixture of 'free readers' when appropriate.

A Word of Caution!

You will be doing your child no favours if you rush them through books. It is not a race, it is a journey! Children learn at different rates just as they learn to walk, dress themselves etc, at different rates. They also need to develop their understanding of what is being read. Reading must not be treated as a competition. If children are rushed through the books, they will not achieve the enjoyment and understanding necessary. Books that they find too difficult will soon put them off reading! It is also important to understand that children need to understand the text they read and answer questions about it. Teachers have a secure knowledge of which reading band your child should be reading at in line with their understanding of sounds in words, their blending skills and key word recognition which are monitored regularly.

Things to Remember

Do you hear your child read three or more times per week?

Little and often is more beneficial than a long session once a week. We reward the children with a sticker when they have read 3 times per week at home and 10 stickers amounts to a prize! Think about how long you are reading for - the amount of reading time shouldn't exceed your child's span of attention. Pick your timing carefully - it's best not to embark on a reading session when your child is tired. Every child is an individual - try not to compare your child's progress with other children or with brothers and sisters.

Parents can instil a love of reading long before a child goes to school and deepen that love of reading as the child grows up.

Enjoy reading with your child and help them become lifelong readers.

Comprehension

Comprehension skills are taught alongside the phonics development throughout the school. Skills are taught in specific domains:

- retrieval of information
- inference skills
- vocabulary development
- summarising the text
- predicting
- authorial intent

These skills are taught in reading lessons, whole class reading opportunities, small reading groups and on a one to one basis. Questioning whilst reading at home will help with this process. Sometimes this will have a written outcome and others will be oral.
