CHANDLERS RIDGE
ACADEMY

First Aid Policy

PUBLIC

Document Control
Reference: CRA-012
Issue No: 2
Issue Date: February 2024
Page: 3 of 9

Introduction –

Statement of intent

Chandlers Ridge Academy is committed to providing emergency first aid provision in order to deal with accidents and incidents affecting staff, pupils and visitors. The arrangements within this policy are based on the results of a suitable and sufficient risk assessment carried out by the school in regard to all staff, pupils and visitors.

The school will take every reasonable precaution to ensure the safety and wellbeing of all staff, pupils and visitors.

This policy aims to:

- Ensure that the school has adequate, safe and effective first aid provision for every pupil, member of staff and visitor to be well looked after in the event of any illness, accident or injury, no matter how major or minor.
- Ensure that staff and pupils are aware of the procedures in the event of any illness, accident or injury.
- Ensure that medicines are only administered at the school when express permission has been granted for this.
- Ensure that all medicines are appropriately stored.
- Promote effective infection control.

Nothing in this policy will affect the ability of any person to contact the emergency services in the event of a medical emergency. For the avoidance of doubt, staff should dial 999 in the event of a medical emergency and make clear arrangements for liaison with ambulance services on the school site.

1. [UPDATED] Legal framework

This policy has due regard to legislation and statutory guidance, including, but not limited to, the following:

- Health and Safety at Work etc. Act 1974
 - The Health and Safety (First Aid) Regulations 1981
 - The Road Vehicles (Construction and Use) Regulations 1986
 - The Management of Health and Safety at Work Regulations 1999
 - The Reporting of Injuries, Diseases and Dangerous Occurrences Regulations (RIDDOR) 2013
 - DfE (2017) 'Supporting pupils at school with medical conditions'
 - DfE (2022) 'First aid in schools, early years and further education'
 - DfE (2023) 'Statutory framework for the early years foundation stage'
 - [Updated] DfE (2023) 'Automated external defibrillators (AEDs): a guide for maintained schools and academies'
-

CHANDLERS RIDGE
ACADEMY

First Aid Policy PUBLIC

Issue No: 2
Issue Date: February 2024
Page: 4 of 9

The policy is implemented in conjunction with the following school policies:

- Health and Safety Policy
- Administering Medication Policy
- Infection Control Section in H&S Policy
- Supporting Pupils with Medical Conditions Policy
- Records Management Policy
- Allergen and Anaphylaxis Policy
- Behaviour Policy
- Child Protection and Safeguarding Policy
- Lone Working Section in H&S Policy
- Educational Visits and School Trips Policy

2. Responsibilities

1. **VALT:** Vision Academy Learning Trust has overall responsibility to ensure that policies and procedures are in place for the processes associated with the Chandlers Ridge Academy
2. **LGC:** The Local Governing Body has responsibility to ensure that Chandlers Ridge Academy operates within the policies and procedures set out by VALT.
3. **Head Teacher:** The Head Teacher has responsibility to ensure that operational services are suitably established within the policy and procedural framework set out by VALT, and to ensure that all staff and volunteers understand and comply with the policy and procedural framework.
4. **Senior Leadership Team:** Each Senior Leader is responsible for ensuring that the policies and procedures are adhered to within their area of accountability.
5. **Teachers:** Each Teacher is responsible for ensuring that the policies and procedures are adhered to within their area of accountability.
6. **All Staff and volunteer helpers:** All staff and volunteer helpers within the scope of the policies and procedures are responsible for the implementation of the policy within their own area of accountability
7. **First aid staff-** completing and renewing training as necessary.

3. First aid Provision

The school will routinely re-evaluate its first aid arrangements, at least **annually**, to ensure that these arrangements continue to be appropriate for hazards and risks on the school premises, the size of the school, the needs of any vulnerable individuals onsite, and the nature and distribution of pupils and staff throughout the school.

The school will have suitably stocked first aid boxes in line with any known needs. As a minimum, these first aid items will be maintained:

- A leaflet giving general advice on first aid
 - individually wrapped sterile adhesive dressings, of assorted sizes
 - individual wrapped wipes
 - individually wrapped triangular bandages, preferably sterile
 - Tape
-

- medium-sized individually wrapped sterile unmedicated wound dressings
- large-sized individually wrapped sterile unmedicated wound dressings
- pairs of disposable gloves

The appointed person will routinely examine the contents of first aid boxes, including any mobile first aid boxes for offsite use – these will be frequently checked and restocked as soon as possible after use. Items will be safely discarded after the expiry date has passed.

First aid boxes are in the following areas:

- [KS2 classroom](#)
- [The staff room](#)
- [Accessible toilet in KS1](#)
- [The first aid table](#)

4. First aiders

The main duties of first aiders will be to administer immediate first aid to pupils, staff or visitors, and to ensure that an ambulance or other professional medical help is called when necessary.

The school will ensure that all first aiders hold a valid certificate of competence, issued by a HSE-approved organisation, and that refresher training and retesting of competence is arranged for first aiders within the school before certificates expire.

The school will be mindful that many standard first aid at work training courses do not include resuscitation procedures for children, and will consequently ensure that appropriate training is secured for first-aid personnel where this has not already been obtained.

First aiders will ensure that their first aid certificates are kept up-to-date through liaison with the School office manager.

Each first aider is responsible for ensuring all first aid kits are properly stocked and maintained and any inadequate supply is immediately reported. First aid supplies are checked in boxes half termly.

First aid notices will be clearly displayed throughout the school with information on the names and locations of first aiders to ensure that pupils and staff know who they must contact in the event of illness or injury.

The current first aid appointed person(s) are:

Paediatric First Aid Trained Staff							
Paediatric First Aid Training							
Name	Date completed	Training Provider	Length of Cover	Date of Expiry	Course Booked	Date	Emergency First Aid Adults
Nicola Stangoe	Apr-23	FR Safety	3 Years	Apr-26			Yes - Expire April 26
Jenny Grover	Apr-23	FR Safety	3 Years	Apr-26			Yes - Expire April 26
Julie Williams	Apr-23	FR Safety	3 Years	Apr-26			Yes - Expire April 26
Claire Moore	Mar-22	FR Safety	3 Years	Mar-25			

Dianne Bordman	Dec-21	FR Safety	3 Years	Dec-24			Yes - Expire Dec 24		
Rekha Jayakrishna	Dec-21	FR Safety	3 Years	Dec-24			Yes - Expire Dec 24		
Jude Brown	Feb-22	FR Safety	3 Years	Feb-25					
Danielle Moore	Apr-25	FR Safety	3 Years	Apr-26			Yes – expire Apr 2026		

The school will ensure that there is always a sufficient number of first-aid personnel available on site at all times to provide adequate cover.

[EYFS only] In line with government guidance, and considering staff to child ratios, the school will ensure that there is at least **one** member of staff with a current and full Paediatric First Aid (PFA) certificate on the premises and available at all times when pupils are present, and accompanying pupils on any and all outings taken.

All staff members will be made aware that agreeing to become a first aider for the school is strictly on a voluntary basis and that they should never feel pressured to take on this role.

When selecting first aiders, the school will follow the criteria laid out in government guidance, considering the individual's:

- Reliability and communication skills.
- Aptitude and ability to absorb new knowledge and learn new skills.
- Ability to cope with stressful and physically demanding emergency procedures.
- Availability to respond immediately to an emergency.

The school will ensure all staff have access to mental health training in order to help them recognise the warning signs of mental ill health and to help them develop the skills required to approach and support someone, while keeping themselves safe. Pupils will be supported in accordance with the school's Social, Emotional and Mental Health (SEMH) Policy.

5. **[NEW] Automated external defibrillators (AED's)**

The school has procured an AED through the NHS Supply Chain, which is located in the school office.

Where the use of the AED is required, individuals will follow the step-by-step instructions displayed on the device. A general awareness briefing session, to promote the use of AEDs, will be provided to staff on an annual basis, and usually during the first INSET session of the academic year. Use of the AED will be promoted to pupils during PSHE lessons.

6 **Accommodation**

The school's first aid area in KS1 cloakroom will be suitable to use as and when it is needed.

Schools will maintain a list of qualified first aiders and contact details.

7. [UPDATED] Emergency Procedures

If an incident, illness or injury occurs, the member of staff in charge will assess the situation and decide on the appropriate course of action, which may involve calling for an ambulance immediately or calling for a first aider.

If called, a first aider will assess the situation and take charge of first aider administration. If the first aider does not consider that they can adequately deal with the presenting condition by the administration of first aid, then they will arrange for the injured person to access appropriate medical treatment without delay.

Where an initial assessment by the first aider indicates a moderate to serious injury has been sustained, or the individual has become seriously unwell, a responding staff member will call 999 immediately.

Where necessary, a trained staff member will administer emergency help and first aid to the injured persons. The purpose of this is to keep the victim alive and, if possible, comfortable, before professional medical help arrives. In some situations, immediate action can prevent the accident from becoming increasingly serious, or from involving more victims.

Where the seriously injured or unwell individual is a pupil, the following process will be followed:

- A responding staff member calls 999 immediately and follows the instructions of the operator – this may include the administering of emergency first aid.
- Where an ambulance is required, a staff member accompanies the pupil in the ambulance and calls the pupil's parent as soon as possible to inform them of the course of action taken. The staff member remains with the pupil at the hospital until a parent arrives.
- Where an ambulance is not required, but medical attention is needed, the pupil is taken to a hospital or doctor in a staff car, accompanied by at least **two** staff members – one to drive the car, and one who is a first aider, to sit with the pupil in the back seat and attend to their medical needs. The pupil's parent is called as soon as possible to inform them that this course of action has been taken, and at least one of the staff members remains with the pupil at the hospital or doctor's office until a parent arrives.
- The school will ensure that no further injury can result from any incidents that occur, either by making the scene of the incident safe, or, if they are fit to be moved, by removing injured persons from the scene.
- Responding staff members will see to any pupils who may have witnessed the incident or its aftermath and who may be worried or traumatised, despite not being directly involved. These pupils will be escorted from the scene of the incident and comforted. Younger or more vulnerable pupils may need parental support to be called immediately.

Once the above action has been taken, details of the incident will be reported promptly to:

- The headteacher.
 - The parents of the injured
-

[New] Responding to an incident can be stressful for the first aider. Following the incident, the first aider may require support such as a debrief from any ambulance crew on scene, an appointment with their GP, or mental health support from external helplines and websites located at the bottom of the government page 'Promoting and supporting mental health and wellbeing in schools and colleges'.

8. Reporting accidents and record keeping

In the event of incident or injury to a pupil, a parent will be informed as soon as practicable. Parents will be informed in writing of any injury to the head, whether minor or major, and be given guidance on the action to take if symptoms develop.

A list of emergency contacts will be kept on SIMS.

The appointed person will ensure that the accident reporting procedures are followed which includes records are kept of any injuries, accidents or illnesses, as well as any first aid treatment that is given – this will include:

- The date, time and place of the incident.
- The name and class of the injured or ill person.
- Details of the injury or illness and what first aid was given.
- Details of what happened to the person immediately afterwards, e.g. whether they were sent home or went back to class.
- The name and signature of the first aider or person dealing with the incident.

The headteacher will ensure that any injury or accident that must be reported to the HSE or LA under RIDDOR obligations is reported in a timely and detailed manner.

All records will be filed and stored in line with the Records Management Policy.

9. Offsite visits and events

Before undertaking any offsite visits or events, the teacher organising the trip or event will assess the level of first aid provision required by undertaking a suitable and sufficient risk assessment of the visit or event and the persons involved.

The school will take a first aid kit on all offsite visits which contains as a minimum:

- A leaflet giving general advice on first aid.
 - individually wrapped sterile adhesive dressings.
 - 1 large sterile unmedicated dressing.
 - triangular bandages individually wrapped and preferably sterile.
 - Tape.
 - Individually wrapped moist cleansing wipes.
 - 2 pairs of disposable gloves.
 - Disposable cool packs
-

10. Storage of medication

Medicines will be stored securely and appropriately in accordance with individual product instructions, save where individual pupils have been given responsibility for keeping such equipment with them. Medicines will be stored in the original container in which they were dispensed, together with the prescriber's instructions for administration, and properly labelled, showing the name of the patient, the date of prescription and the date of expiry of the medicine.

Medicine brought in by pupils will be returned to their parents for safe disposal when they are no longer required or have expired.

An emergency supply of medication will be available for pupils with medical conditions that require regular medication or potentially lifesaving equipment, e.g. an EpiPen.

Parents will advise the school when a child has a chronic medical condition or severe allergy so that an IHP can be implemented and staff can be trained to deal with any emergency in an appropriate way. Examples of this include epilepsy, diabetes and anaphylaxis. A disclaimer will be signed by the parents in this regard.

Pupils will have any medication stored and, where appropriate administered, in accordance with their EHC plans and the school's Administering Medication Policy.

11. Illnesses and allergies

When a pupil becomes ill during the school day, their parent will be contacted and asked to pick their child up as soon as possible.

A quiet area will be set aside for withdrawal and for pupils to rest while they wait for their parent to pick them up. Pupils will be monitored during this time.

Where a pupil has an allergy, this will be addressed via the school's Allergen and Anaphylaxis Policy.

The school will manage any emergencies relating to illnesses and allergies in accordance with the Emergency procedures section of this policy.

12. Consent

Parents will be asked to complete and sign a medical consent form when their child is admitted to the school, which includes emergency numbers, alongside details of allergies and chronic conditions – these forms will be updated at the start of each school year.

Staff will not act 'in loco parentis' in making medical decisions as this has no basis in law. Staff will always aim to act and respond to accidents and illnesses based on what is reasonable under the circumstances and will always act in good faith while having the best interests of the pupil in mind – guidelines will be issued to staff in this regard.

13. Monitoring and review

This policy will be reviewed annually by the governing committee, and any changes will be communicated to all members of staff.

Staff will be required to familiarise themselves with this policy as part of their induction programme. Staff will be informed of the arrangements that have been made in connection with the provision of first aid, including the location of equipment, facilities and personnel.

The next scheduled review date for this policy is Feb 2025.
